Today, 27 July 2023, is my 300th day in Japan, living in Kyoto and fulfilling my lifetime dream of experiencing 4 seasons and truly living with nature.

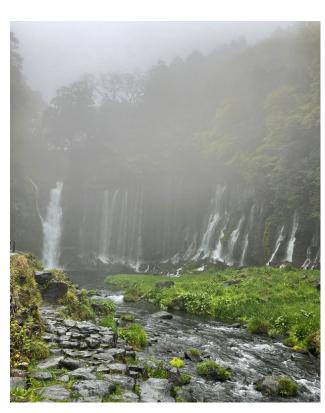

How time flies and what an amazing 299 days!!! How I wish time could go back to 1 Oct 2022 and I could restart this journey all over again. But as the quote says "Nobody can go back and start a new beginning, but ANYONE can start today and make a new ending". With my 299 days of amazing experiences and memories, I encourage you to start today and plan for your amazing new ending. Another quote says "If you keep doing the same old things, don't expect new amazing things to happen to you".

On this 300th day, my inspiration wants to pen down my current thoughts and gratefulness. No words can describe how grateful I am towards everyone and everything who/which contributed to my this amazing 299 days. Thank you Japan, thankful to my school, helpful and friendly staff, sen sei. So thankful for all the new connections and great kind friends. Surely a new life experience to be able to build an international network of friends. Thank you everyone for the new amazing memories and enjoyment, thank you for crossing into my life and my path and brought a brand new memories into my life. I am grateful to everyone of you.

Without stepping out and flew here on 1 Oct 2022, I won't be able to see and feel a brand new world.

Create your DREAMS

During these 299 days, I have fully fulfilled my desire, spending days with the romantic autumn leaves and beautiful heart-melting Sakura; watching and feeling snow falling on streets and on my palm; living in 360 degrees white world with my 5 dearest nieces; sunset, waterfalls, driving around Japan, meditated while facing mountains, invest and key orders while facing autumn leaves, and of course watch my dream one-hour fireworks. And, of course, all the Oishi food, I appreciate great food because I live to eat.

And, I am sincerely grateful for the deeper connection with all the Buddhas and the Universe, which enhanced and grew my spiritual journey. I want to take this opportunity to share with everyone who read this, that you won't regret if you start to understand and practice the Law of Attraction, Law of Universe and pay respect to Buddhas to cleanse your negative energy. I totally believed that the Universe and Buddhas delivered all the amazing and memorable events and people to me. I trust Universe and Buddhas fully and I will continue to practice their rules and laws, and focus on connecting with people who are on the same vibration and inspirations as me.

What's the plan after this 300th day? You will know when you are in the same connection as me. I know what I want and enjoy. If you know what you want and our vibrations cross, Universe will surely act and create the next level of experiences and memories.

We only live once. Work hard, but at the same time don't forget to LIVE. Stay 100% positive and only connect with people who are positive, and see how Universe delivers your dreams to you.
