## Monthly Review

### Chinese 10th Month (5 Nov to 3 Dec)

I am sure some of you will miss Chinese 9th month, amazing "unexpected" Investing Destiny energy. Well, remember the formation and the 50-300% gain, as I always said, you will see the formation again next year.

And now, move on to Chinese 10th month, with a clearer mindset and more knowledgeable experiences.

Only those who learn and remember the lessons will improve and become a better investor.

**10th month => Big money star + \$ element 武曲祿**

Those who work closely with me know that I like "Big money star + \$ element 武曲祿". If it enters into your 10th month's Money or Self box, you can have a happy 10th month. **But if Challenging energy also sits inside 武曲忌, then you better be extra careful, know how to control greed, to prevent big swing and throw away your gains back to the market.**

A month with "Big money star + \$ element" energy, what will happen to your portfolio? A month we can learn great lessons again.

A month with Money stars and good \$ element =

- 1) a month you can spot good opportunities, and/or
- 2) your stock(s) in your portfolio can move up strongly.

Always need to remind again, that Investing Destiny energy is a personal one. Never jump into the market thinking you can take advantage of this good energy, when your own 10th month is full of challenging energy.

Always know your own ID energy, know what you are investing, invest within your own limit, think and work hard, then destiny will reward you accordingly.

Share a statistical study (for local market):

After studying ID energy for a group of penny stock investors, saw the following ;

Chinese 9th month :

Chinese 9th month :

Total Challenging Energy 忌 = 11

Total Money star+\$ & unexpected \$ formation 双禄 = 21

Total Money star + challenging energy 武曲/双忌 = 6

If you are one of the penny stock investors, you should have noticed what happened to local penny stock market in Chinese 9th month. The data showed 21 great Money star energies, more investors made happy money? Or there are opportunities for you to make happy money?

Now lets look at the data for Chinese 10th month :

Chinese 10th month :

Total Challenging Energy 忌 = 20

Total Money star+\$ & unexpected \$ formation 双禄 = 6

Total Money star + challenging energy 武曲/双忌 = 5

Notice the drop, from 21 to 6. What can we learn from this data? We will know the answer on 3 Dec 2021.

If you are one of the investor, you can take note of this data, and most importantly work you your own Chinese 10th month energy.

Always learning and exploring, study statistics, observe the market, and gain experiences for future investing.
